

East Orange Child Development Corporation

Parent Newsletter 2026

Curriculum

Dear Parent/Guardian,

Welcome, most of the children have now settled in well and are enjoying their new preschool experience. The beginning of the year we will be focused on the transition from home to school by creating a warm and inviting atmosphere. Help children become familiar with the classroom routine, while engaging in developmentally appropriate activities. Self-Concepts/ Socialization, Orientation to classroom rules/routine, Self-Service of meals (family style), Tooth brushing procedures. Assess children's independent level of development in all areas and proceed accordingly. Number recognition, Upper/Lower case letters. Stem (Science, Technology, Engineering & Mathematics): enhance children's opportunities to engage and develop critical thinking skills.

Please stay connected with updated phone numbers/emails and pick up persons.

A single act of kindness throws out roots in all directions, and roots spring up to make new trees.

Lawrence G. Lovasik – American Minister & Writer

HOW CAN YOU HELP OUR STUDENTS GROW?

Here are some great ways that you can continue to help your student to grow at school.

Read 20 minutes with your child at home everyday. Encourage them to ask questions before, during and after reading. As they read make sure that you are answering their questions.

Help students review their classroom rules/routine, numbers and letters.
